

Events

Regional events are held throughout the year. These include car shows, picnics, tours or other activities of interest. The dates of these activities vary within a region to take advantage of the local weather conditions. The events and dates are listed on the website teae.org/events.

In addition, the TEAE United, an annual event with a car show, tech sessions, plenty of camaraderie, is held in a different part of the country generally in the fall. The planning is done on a four year cycle to encourage new venues.

Tiger EAST
Alpine EAST

Dedicated to the preservation, restoration and enjoyment of all Rootes Group vehicles

A Friendly, Family-Oriented Car Club

TigerEast/AlpinesEast was organized in 1976 to promote the Sunbeam marque in general and the Tiger/Alpine segment in particular. The mission of the club is to aid in the restoration, preservation and enjoyment of these vehicles. We promote cooperation among other similar Sunbeam organizations and through social activities, an increase in communication and fellowship among those persons who are interested in these objectives.

Not just Tigers and Alpines ... but ALL Rootes Group vehicles
